

Carol Yvonne Espy-Wilson
Department of Electrical and Computer Engineering
Institute for Systems Research,
University of Maryland, College Park
espy@umd.edu

Education:

MIT, EECS, MS (1981) Eng. (1984) PhD (1987)

Stanford University, BSEE (1979)

Awards, Honors, and Special Recognition

- University of Maryland Campus Woman of Influence (2020)
- Keynote Speaker, International Seminar on Speech Production, Dec. 2020, Acoustical Society of America Meeting, June 8, 2021
- Member, National Institute on Deafness and Communication Disorders Advisory Council, 2020-2023
- Member, National Institute on Biomed. Imaging and Bioengineering Advisory Council, 2015-2018
- Member, National Institute on Child Health and Human Development Advisory Board, 2010-2013
- First African American woman, and first African American, in ECE to achieve tenure and be promoted to the rank of full professor (University of Maryland First to ADVANCE Program, 2019)
- Jimmy Lin Award for Innovation in Electrical and Computer Engineering, University of Maryland, 2018
- Tutorial, Interspeech 2018, “Articulatory Representations: Measurement, Estimation and Application to State-of-the-Art Automatic Speech Recognition”

- Tutorial, 149th Meeting of the Acoustical Society of America, “Automatic Speech Recognition”
- Fellow, Institute for Electrical and Electronic Engineers (IEEE)
- Fellow, International Speech Community Association (ISCA)
- Fellow, Radcliffe Institute for Advanced Study, Harvard University
- Fellow of the Acoustical Society of America
- Elected to the Speech and Language Technical Committee of IEEE, 2010-2012
- Elected Chair, Speech Technical Committee of ASA, Spring 2007-Fall 2009
- 2012-2013 Distinguished Scholar-Teacher Award, University of Maryland
- 2015-2017 Institute for Systems Research Senior Faculty Fellow Award
- Advance Professor 2011-2012
- Clare Boothe Luce Professor, August 1990 to August 1995
- Invention of the Year Award for “Multi-pitch tracking in adverse environments,” University of Maryland, 2010.
- 2010 Maryland Innovator of the Year Award for “Multi-pitch tracking in adverse environments”, Baltimore Daily Record.
- Featured in “*Stem Gems: How 44 Women Shine in Science, Technology, Engineering and Mathematics, And How You Can Too!*” published by Stephanie Espy in 2016
- First Place, University of Maryland \$75K Business Plan Competition, High Technology Category (\$25,000), 2010
- First Place, University of Maryland \$75K Business Plan Competition, Social Impact Category (\$15,000), 2010

- StartRight! Women's Business Plan Competition Award
- SAIC Award to a Venture Accelerator Company at UMD (OmniSpeech LLC)
- Honda Initiation Award, 2003 and 2004
- NIH Career Development Award, 1998-2003
- NIH Language and Communication Study Section, 2001-2004.
- NSF Research Initiation Award, 1990-1992
- Xerox Doctoral Fellow, 1981-1987

Editorial Service:

- Editorial Board, Computer Speech & Language Journal, 2021-present
- Associate Editor, Journal of the Acoustical Society of America, 2010-2018
- Editorial Board, Acoustics Today, Acoustical Society of America, 2007-2009

Academic Service:

University of Maryland College Park, Department of Electrical and Computer Engineering and Institute for Systems Research

2001-2007: Associate Professor, 2007-present: Full Professor

Boston University, Department of Electrical and Computer Engineering

1990-1999: Assistant Professor, 1999-2001: Associate Professor

Massachusetts Institute of Technology, Electrical Engineering and Computer Science

1988-1990: Research Scientist and Lecturer for 2 undergraduate courses; 1990-2000: Visiting Scientist; 1987-1988: Postdoctoral Fellow, Speech Communication Group; 1988-2001: Associate Housemaster in MacGregor Dormitory; 1985-1988: Graduate Tutor in MacGregor Dormitory

Industrial Experience

2011-present: Founder and CEO of OmniSpeech LLC

1987-1988: Part-time member of technical staff, Linguistics Research, Bell Telephone Laboratories, Murray Hill, New Jersey

Selected Invited Talks and Participations

- Keynote Address, 180th Meeting of the Acoustical Society of America, “Speech Acoustics and Assessing Mental Health”, June 8, 2021
- Keynote Address, Using Speech-Inverted Vocal Tract Variables for Mental Health Assessment”, International Seminar on Speech Production, December 16, 2020.
- Invited lectures in academic and industrial research labs including MIT, Ga. Tech, NYU, Harvard, Stanford, UC Berkeley, University of Maryland Medical Division of Otolaryngology, National Institute of Mental Health, Brown University, Cirrus Logic, Nuance, Apple (to be given March 18), John Hopkins, Northwestern University, Ohio State, Rutgers University, NIDCD workshop, MIT Lincoln Laboratories, Honda, Dartmouth College, Boston University, UCLA, Motorola
- Invited Speaker, From Sound to Sense Conference: 50+ Years of Discoveries in Speech Communication Conference, MIT, Cambridge, MA, June 11-13, 2004.
- Invited Speaker, NIMH Innovation Speaker Series, “Multimodal Signal Integration for Predictive Mental Health Analytics”, 2015.
- Invited Speaker, Symposia “Inspiring Women in Science”, held at Brown University to Celebration Women’s History Month, a special one-day event with six women in science and engineer, 2017.
- Invited Speaker, NIH NIDCD workshop on Brain-Computer Interface Technologies, “Speech and Low Bandwidth Communication Technologies”, May 2006.
- Organized an NSF workshop on Speech for Robotics at University of Maryland, October 2019. 45 Participants from the US and abroad. Report written for program officers and is current in revision for Computer Speech and Language.
- Invited speaker on OmniSpeech LLC to the Committee on Economic Development and

Technology Commercialization, Maryland board of Regents, Nov. 2013.

- Invited panelist, Science Coalition Panel for a Senate Staff Briefing, House Energy and Commerce Committee on Sparking Economic Growth, Capital Hill, Nov. 2013.
- External Evaluator, The Beckman Institute at the University of Illinois Urbana Champaign, Oct. 2015.
- Invited participant at several NSF panels and workshops (Directorates of Computer and Information Science and Engineering, and Education and Human Resources), and an NIH panel, 1995-present
- Keynote speaker for many events for students of color, a few in the past 10 years: UMBC Meyerhoff Scholars Seminar (April 2019); Closing Reception for the Fall Regional NSBE Conference (Nov. 2018), Features Speaker in the STEM GEMs Virtual Summer Book Club (June, 2017), Keynote Speaker for Black Girls Who Code Event put on by Women in Engineering, Center for Minorities in Science and Engineering and DC Women of Color in STEM (Dec. 2016); College Board Conference (2015); MIT Summer Research Program (August 2012); Inaugural Willie Hobbs Moore Lecture Series, at U. Mich. Physics Department (March 2012); WEB DuBois Honor Society Induction Ceremony at UMD (2010); Center for Minorities in Science and Engineering/s Annual Student Recognition and Alumni Banquet (April 2008)
